April 6, 2010

To Whom it May Concern:

The Indiana University of Pennsylvania's Excellence in Entrepreneurial Leadership Center, in partnership with Junior Achievement of Western Pennsylvania, is proud to present the first annual **Entrepreneur-in-Training Camp**. This one week summer camp is being offered to rising high school sophomores, juniors, and seniors attending schools in Indiana and surrounding counties. Due to the support of our numerous sponsors, we are pleased to offer a limited number of students from your high school the opportunity to attend this camp at no cost.

The **Entrepreneur-in-Training Camp** will introduce aspiring future business leaders to a variety of business concepts such as leadership, business planning, and financial management, while also learning to "think outside the box". Students who participate in the **Entrepreneur-in-Training Camp** will have the opportunity to hear from successful entrepreneurs, venture capitalists, and other business professionals, while they compete in groups to become "Titans of Business".

Students will be asked to arrive at the Eberly College of Business and Information Technology on the IUP campus at approximately 9:00A.M. Each day's program will begin around 9:30A.M. and end at approximately 3:30P.M. Throughout the day, students will attend lectures, hear from business professionals and entrepreneurs, and participate in the JA Titan computer simulated business program. On the final day, students will have the opportunity to practice what they have learned and compete with each other for \$1,500 worth of prizes, including cash!

Please consider recommending the **Entrepreneur-in-Training Camp** to any students who show an interest in business, entrepreneurship, and/or economics. It is a wonderful opportunity for any student who is considering continuing their education in business or a related field. Please see the enclosed flyer and student application/nomination form for additional information. **Please apply ASAP; seats are limited!**

Sincerely,

Eric D. Palmer
